WATER ALLOCATION APPLICATION NO. _____

For Application Form BWA – 0001A

A. Location and Property Information –
_____ Items 1 through 6 completed

B. Certifications
_____ 1, 2. Highest ranking individual
_____ 3, 4. Additional certifications when necessary

C. Required Submittals
_____ 2. Proof of meter calibration for each source
_____ 3. Technical Report
_____ 4. Hydrogeologic Report/Aquifer test
_____ 5. Water Conservation and Drought Management Plan
_____ 6. Future demand projections supporting information

D. Diversion Request and Diversion Source Information
_____ 1. Present allocation (source aquifer/allocations, mgm, mgy, gpm)
_____ 2. Requested allocation (source aquifer/allocations, mgm, mgy, gpm)
_____ 3. Diversion use
_____ 4. Source information
_____ 5. Addendum A completed
_____   Addendum B completed

E. Water Use
_____ 1. Current and projected demand table completed
_____ 2. Present annual average water use table completed
_____ 3. Discharge/NJPDES information
_____ 4. Sanitary source identified

F. Mapping
_____ 1,2. Quad sheet showing and Summary Listing for
             _____ a. all withdrawal sources
             _____ b. 100,000 gpd diversions to: 1 mi unconfined
             _____ c. 100,000 gpd diversions to: 5 mi confined/semiconfined
             _____ d. < 100, 000 gpd wells in same aquifer to: radius of influence
             _____ e. possible contamination sites to: twice radius of influence
             _____ h. freshwater wetlands to: radius of influence for unconfined
                                            site for confined/semi-confined

     _____ 3. Site map with diversion sources and structures

G. Irrigation (if applicable)
_____ 1. Extension Service water use recommendation
_____   Diagram of water source distribution system /meter location included
_____ 2. Irrigation type
_____ 3. Grass types/acreage/water needs
_____ 4. Irrigation system description
_____ 5. Water reuse
_____ 6. Low water use varietal grasses/explanation

H. Public Supply Systems (if applicable)
_____ 1. List of development with associated demands
_____ 2. Population figures
_____ 3. Daily consumption
_____ 4. Water use summary table completed
_____ 5. Unaccounted-for-water
_____ 6. Service tap / meter numbers
_____ 7. Plant capacity
_____ 8. System storage
_____ 9. Required submittals
             _____ a. list of contracts
             _____ b. list of municipalities served / (map if not provided before)
             _____ c. list of interconnections
             _____ d. other info (if required)
